

Technology Services Provider/Web Design & Marketing Business

This very established Southeastern Virginia technology services provider, web development & marketing company has strong revenues and is very profitable. It is a totally turnkey and fully staffed business that derives the vast majority of its revenue dealing with small to mid-size businesses who are on agreements and annual managed care service contracts. With the area's strong growth and the solid foundation built by the business, there is a great deal of upside potential for a new owner wanting to take the business to the next level.
