

Computer Services Provider With Strong Cash Flow

This comprehensive technology services provider has seen solid growth over its 5 year history. The company provides its clients with web development, digital marketing, network design and administration, as well software and hardware sales, backup monitoring and recovery, network security, cloud services and other technical support. The business has consistently growing revenues and cash flow because of its strong client relationships, know how and customer service. The vast majority of business comes from service agreements and managed care annual contracts, and the diversified business model provides this turnkey business with many avenues for growth.
